## Question ...

- How to deal with numerous, more complex cases
- While training the less experienced residents
- And complying with the financial aspirations of the hospital ?

# Solutions ?

- Well organised patient flow
- Tasks for orthoptists ?
- Tasks for optometrists ?
- Financial support ?? Complex cases / fee for education and training

# Solutions ?

- Training/education harmonisation in Europe
  - ophthalmologists: EBOD, ICO, ...
  - orthoptists
  - optometrists
  - ...

with a well defined description of tasks  
in eye care

# What is the task of the eyeMD in vision care anno 2010 ?

- Belgium: refraction, prescription, contact lenses, diagnostics, surgery
- The Netherlands, UK, ...
- France, Germany,...
- ...

# How do we want to cooperate with orthoptists, optometrists, ... ?

- Role of ophthalmologist in their education (graduate/postgraduate)
