PLEASE COMPLETE THE APPLICATION FORM ELECTRONICALLY

Course Director _____

1. **Name:** Jose Luis Guell
2. **Address:** Director Cornea and Refractive Surgery Unit, Instituto De Microcirugía Ocular, C/ Josep M^a Lladó, 3, Barcelona Spain 08035
3. **E-mail:** guell@imo.es; margag@ono.com

Supportive society (in due order with UEMS accreditation) _____

4. **Society:** ESCRS
5. **Date/hour when this course will take place:** 13 / 09 / 2009. 09:30 – 11:15
6. **Location:** CCIB - Centre de Convencions Internacional de Barcelona
7. **UEMS application introduced:** ×
in due order:

General information _____

8. **Course Title:** Update in penetrating and lamellar keratoplasty techniques (Part 1)
9. **Classification according to EBO syllabus****
10. **Duration:** 1-hour course (1-3 speakers) × 2-hours course (4- 6 speakers)
 3-hours course (6-8 speakers) 4-hours course (8-10 speakers)
11. **Format:** × Formal lecture Commented diaporama Videobased course
 Case presentations On-line course E-learning
12. **Course level:** × Basic Advanced

* To be filled in by European Network for Education of Trainees (ENET) responsible

Faculty

Course synopsis (max. 10 lines)

The Course will be mostly directed to surgical technique details: microkeratome and/or trephine preparation of the donor in both penetrating and anterior and posterior lamellar techniques trephination, and techniques of suturing.

Aim(s) of the course (max. 10 lines)

To introduce to the attendees to this particular field of Ophthalmic surgery in a comprehensive format. Also to guarantee that the basic steps of these surgical techniques are properly understood

Achievements (what will the participant achieve in knowledge) _____

- * Basic training in lamellar and penetrating keratoplasty technique
- * training on different suturing techniques and contact with related instruments

Course outline (please specify or add a flyer) _____

<u>Topic title</u>	<u>Time (min)</u>
1. Introduction	
2. Trephination: different approaches	
3. Suturing technique: per and postoperative management	
4. Basic instrumentation for full thickness keratoplasty	
5. Surgical technique in full thickness keratoplasty	
6. Basic in anterior lamellar keratoplasty	
7. Basic in posterior lamellar keratoplasty	
8.	
9.	
10.	

Agreement (to be filled in by the course director)

I hereby agree

- to distribute the evaluation forms prior to the start of the course
- to collect the evaluation forms after the course
- to collect the MCQs from the faculty within a timeframe of two weeks after the course
- to wave registration fee for the peer reviewer
- to provide UEMS accreditation of the hosting society
- to send the evaluation forms to Dara Conlon
- to complete the MCQ form in attachment

Course synopsis (max. 10 lines)

Other surgical manoeuvres commonly performed during keratoplasty such as cataract surgery, iris reconstruction, IOL extraction or anterior vitrectomy will also be reviewed.

At the end of the Course, an overview of the most advanced but not yet regular techniques, will also be reviewed. The main goal of this last part is to be updated every year because techniques and technology are constantly improving (for example: culture of endothelial cells or the use of femtoseconds lasers)

Aim(s) of the course (max. 10 lines)

* To update those specifically interested attendees in the latest advances on lamellar and penetrating techniques as well as related surgical manoeuvres in a comprehensive manner

Achievements (what will the participant achieve in knowledge) _____

- * Advanced training in lamellar and Keratoplasty techniques (latest advances)
- * Overview of those surgical manoeuvres commonly associated with keratoplasty such as cataract surgery, anterior vitrectomy or iris surgery

Course outline (please specify or add a flyer) _____

<u>Topic title</u>	<u>Time (min)</u>
1. Surgical technique in anterior and posterior lamellar keratoplasty: common mistakes	
2. Management of high risk keratoplasty	
3. Additional surgery during keratoplasty: cataract, vitrectomy iris reconstruction	
4. Q & A/ Discussing cases	
5.	
6.	
7.	
8.	
9.	
10.
