# Online MCQ exam

Time Remaining: 00:29:51

EBO Test Exam (  )

In this online exam, you will be presented with a statement, followed by 5 statements. You are asked to mark each statement True or False (or Don't Know).

A correct answer is awarded 1 point

An incorrect (or empty) answer will be penalised 0.5 points

"Don't know" is not awarded or penalised, and so attracts a score of 0

When you have answered the questions, you will be shown a review screen, from where you can adjust your responses, if you wish.

## Exam instructions

# Online MCQ exam

☰ Questions 1 to 5 of 10 Time Remaining: 00:28:32

EBO Test Exam

Options:

- A. TRUE
- B. FALSE

A 5-year old boy, tall for his age with long thin fingers and hyperextensible finger joints, presents with bilaterally subluxated lenses, one down and in and the other up and out. Both parents are normal and there is no family history:

1. The most likely diagnosis is Weill-Marchesani syndrome  ▼
2. An electroretinogram is indicated  ▼
3. Visual acuity is best helped by aphakic or phakic spectacle correction based on retinoscopy and subjective refinement  ▼
4. In the differential diagnosis an autosomal recessive disease such as homocystinuria should not be considered  ▼
5. An echocardiogram should be performed  ▼

# Online MCQ exam

59	May require penetrating keratoplasty	TRUE	<a href="#">Review</a>
60	Starts in early childhood	FALSE	<a href="#">Review</a>

If you are happy with your answers, press the Finished button to complete the exam. You will not be able to change your answers after this.

# Online clinical cases

wellessystem.com/delivery/ExamEvent/Take/269

In this exam, you will be tested on your clinical knowledge and decision making.

You will be presented with 8 cases.

For each case, you will be presented with:

- Summary clinical data / history for the patient
- Images

For each case, you will need to consider:

- Key findings in the images you see
- Potential diagnoses
- Prognosis
- Management / treatment options

These questions are "Very short answer" types. Under each question is a small text box, where you can type in a short answer.

Be brief - for example, if you were being asked for a diagnosis, be as specific as possible in a few words. Avoid using acronyms unless they are widely used.

Click on images to magnify them, then click the "Close magnification" button to go back to the question.

To proceed through the exam, click/ tap the ">" button at the bottom of the screen.

## Exam instructions
